About KUHU...

Introduction

KUHU was established with all modern facilities in 2004 in the center of Gangapur city to provide foundation and pre foundation in addition to academic teaching. We started our journey with 100 students and now we are getting full support of the natives and inhabitants of eastern Rajasthan as they are sending their children to KUHU. At present, KUHU is one of the best teaching centers in the entire Rajasthan. It is a Senior Secondary School, providing the excellent teaching in Science and Commerce (English & Hindi medium) with 100% qualifying marks rather than others.

Our Mission

To develop exemplary educational institution where students are nurtured and encouraged to achieve their ultimate potential.

High quality standards of teaching and learning in a caring environment is the very heart of our purpose in which significant

emphasis is placed on individual student achievement and the celebration of success.

"Striving for excellence from darkness to light" - is our motto

Objectives & Paths

- Qualitative, quantitative and effective education.
- Intellectual & physical education.
- Moral & Scientific values.
- To instil
 - a. Self discipline self confidence
 - b. Punctuality
 - c. Cleanliness & purity of body and mind
 - d. Devotion to duties & hard work
 - e. Scientific temperament
 - f. A Sense of humanism & social understanding.

Our History

KUHU was begun with the expectation of preparing the students of gangapur city for competitive exams as IIT- JEE/ AIEEE/ NEET etc. It proved its dominance in all the competitive exams and board exams every year. For the preparation of pre foundation KUHU started the 9th and 10th class with the same enthusiasm. The following students of KUHU hoisted the flag of their success in the merit list of class 10th in Ajmer Board Rajasthan.

From Director's Desk

Infrastructure

It is built in 8500 sqf. with four storeyed well furnished, airy building consisting of around forty rooms along with banquet hall. It has well equipped labs separately for Physics, Chemistry, Biology and Computer. The institute provides a well stored library for reference books. We have a parlor for guardians along with the principal's office and staff room. The institute has good facilities for drinking water, neat & clean toilets. About half a dozen school buses pick students from near and far in the city area as well as in the outskirts. Spacious parking and play ground are available here. Alternative electricity supply is managed for the class-rooms around the clock.

Problem Classes (Remedial Classes)

We conduct the problem classes at counters after the regular study hours as well as back up classes on Sundays. In these hours, faculty members of each & every subject solve the problems which the students face in the class rooms and in competitive sheets or DPPs.

DPPs (Daily Practice Papers)

Our subject teachers prepare daily practice paper to know what the students have learnt in the class. DPPs comprise the questions/problems based on the same patterns that the teachers have already taught in the class room.

Weekly Tests

We organize weekly tests to evaluate the learning of the students of each class. Through these tests, the ranks of the students are shown on the school notice board & the top 10 rankers are rewarded with medals for their progress & achievements. The purpose is to encourage the weak students to give the pace in their labor in studies so that they too may compete the top rankers.

Weekly Tests

The institution is organized into these levels

- Nursery level (NURSERY, KG)
- Primary level (Class-I to V)
- Upper Primary level (Class-VI to VIII)
- Secondary level (Class IX & X)
- Senior Secondary level (Class XI & XII)

Note: All levels are under academic management of the director and the principal.

OUR LABORATORIES

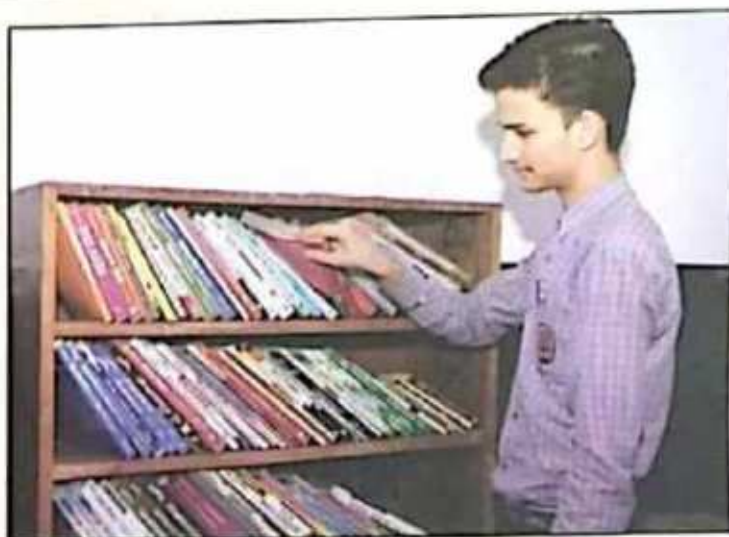

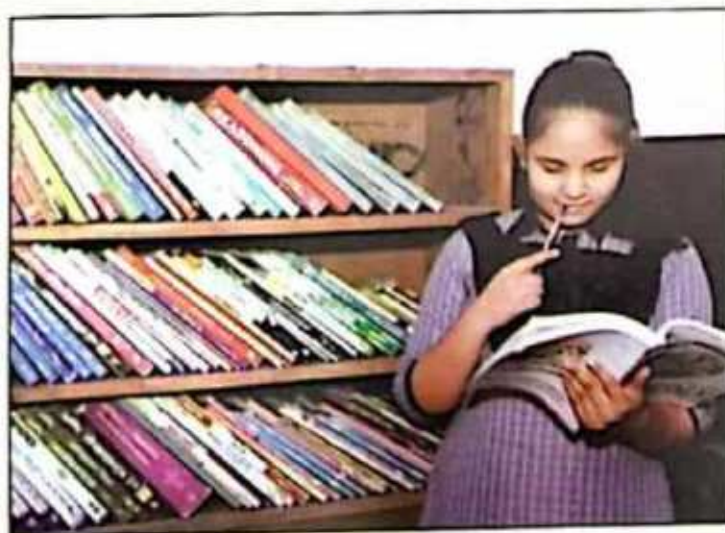

Laboratories provide facilities for the students to acquire skills for the measurement of various parameters in science and technology.

All laboratories of the institute are fully equipped with modern instruments & experimental facilities. The latest instruments facilitate training of the 11th & 12th students as well as research activities of the faculty.

Library

Our library has modern storage of books & periodicals which are very useful not only for the development of the human conscience but also for the growth of competitive knowledge. It contains all the books from the class first to the 12th. All the sheets of several reputed IIT-JEE/ RPMT/NEET institutes are available here.

Different Activities

Co-curricular Activities

Outdoor activities - The School has an advantage of using a large well maintained ground for outdoor games and sports activities.

Cultural activities - Such as music dramas & dance are also encouraged. Curricular and extra-curricular are balanced to develop well groomed personality.

Art Mela -for exhibiting Science and art models to sprout imaginative thoughts

Various activities celebrate the extra ordinary talent among students & faculty. Apart from these activities, the institute co-operates a yearly free tour of top 50 students for all classes selected in objective exams.

The excursion to religious and historical places in Rajasthan& neighboring states.
