ADMIN DIRECTOR / SECRETARY

School comes from the Greek word for leisure- leisure in which to learn a place where students and teacher can flourish, a place where future generation can be prepared, because schools are meant for that, not just merely to turn out human beings as mechanical, technological instruments-though jobs and careers are necessary but also flourish as human beings, without fear, without confusion, with integrity.”- these special words say by Mr. J. Krishnamurti .

I am inspired by the words of celebrated J. Krishnamurti (1895 to 1986), thinker, philosopher- teacher, we set out to create an institution that unfettered young minds and give them an opportunity to express their creativity in an environment of liberalism and knowledge.
